

Scope 1&2 GHG Emission Reduction Target

For Scope 1&2 GHG Reduction Target of 31.2% by 2025:
22.2% reduction in 2016 and on track

Score: **GREEN**

Scope 3 GHG Emission Reduction Target

For Scope 3 GHG Reduction Target of 20.7% by 2025:
24.5% reduction in 2016 and on track

Score: **GREEN**

Reduction in Energy Intensity

Reduction in energy intensity in goal-subject facilities compared with 2015:
4.7% and on track

Score: **GREEN**

Use of Renewable Electricity

Use of renewable electricity as a percent of facility electricity use:
10.9% from renewable sources and on track for 30% by 2025

Score: **GREEN**

Use of Clean Energy

Use of clean energy as a percent of facility energy use:
10.9% of federal building electric energy and thermal energy is clean energy and on track

Score: **GREEN**

Reduction in Potable Water Intensity

Reduction in potable water intensity compared with 2007:
39.8% and on track for 36% in 2025

Score: **GREEN**

Green Buildings

Sustainable green buildings:
8.6% of buildings sustainable

Score: **RED**

Standards for Success — *Red Standard, Yellow Standard, Green Standard*

Scope 1&2 GHG Emission Reduction Target

GREEN: On track to achieve agency's proposed 2025 GHG Scopes 1&2 emissions reduction target.

YELLOW: Less than a year behind glide path to achieve agency's 2025 target for GHG Scopes 1&2.

RED: More than a year behind glide path to achieve agency's 2025 target for GHG Scopes 1&2.

Scope 3 GHG Emission Reduction Target

GREEN: On track to achieve agency's proposed 2025 GHG Scope 3 emissions reduction target.

YELLOW: Less than a year behind glide path to achieve agency's 2025 target for GHG Scope 3.

RED: More than a year behind glide path to achieve agency's 2025 target for GHG Scope 3.

Reduction in Energy Intensity

GREEN: Reduced energy intensity (Btu/GSF*) in EISA goal-subject facilities by at least 2.5 percent compared with 2015 (or is on track to meet 47.5% reduction compared to 2003, if applicable).

YELLOW: Reduced energy intensity (Btu/GSF) in EISA goal-subject facilities by less than 2.5% compared with 2015 (or, if applicable, reduced Btu/GSF but is not on track to meet 47.5% reduction compared with 2003).

RED: Increased energy intensity (Btu/GSF) in EISA goal-subject facilities compared with 2015.

Use of Renewable Electricity

GREEN: Uses at least 10 percent electricity from renewable sources as a percentage of facility electricity use and is on track for 30% by 2025.

YELLOW: Uses at least 7.5 percent electricity from renewable sources as a percentage of facility electricity use.

RED: Did not use at least 7.5 percent electricity from renewable sources as a percentage of facility electricity use.

Use of Clean Energy

GREEN: At least 10% of federal building electric energy and thermal energy is clean energy and is on track for 25% by 2025.

YELLOW: At least 7.5% of federal building electric energy and thermal energy is clean energy.

RED: Less than 7.5% of federal building electric energy and thermal energy is clean energy.

Reduction in Potable Water Intensity

GREEN: Reduced water intensity by at least 18 percent from 2007 baseline and is on track for 36 percent reduction by 2025.

YELLOW: Reduced water intensity by at least 16 percent from final approved 2007 baseline.

RED: Did not reduce water intensity by at least 16 percent from final approved 2007 baseline.

Green Buildings

GREEN: Demonstrates compliance with 2008 and/or 2016 Guiding Principles for Federal Leadership in High Performance and Sustainable Buildings (GP) for its buildings by GSF or number of buildings of at least 15 percent or at least a 2 percentage point increase over the prior year.

YELLOW: Reports less than 15 percent of its buildings/GSF meeting the GP in FRPP and less than a 2 percentage point increase from previous year, but has developed a plan to incorporate 2016 GP into all new design contracts.

RED: Agency has not demonstrated an increase in compliance with GP from prior year or has not developed a plan to achieve 15 percent by 2025 using 2016 Guiding Principles.

*GSF = Gross Square Footage
