**Subject: The Endorsement of the Greening Government Initiative**

**Dear Excellency,**

In response to the request to join the “**Greening Government Initiative**”, I am pleased to confirm, following an inter-ministerial review process and endorsement by our Prime Minister, that the Royal Government of Cambodia agrees to join this initiative.

Cambodia agrees that action on Greening Government Initiative is very important to serve as a platform for country representatives to share information and best practices, showcase innovation and success, and develop collaborative relationships with one another to accelerate national efforts to green national government operations and build climate resilience in the public sector.

I would be grateful if you could convey our decision to the authorities in charge of managing the Greening Government Initiative, and ensure that the Royal Government of Cambodia is added as a participating country in this initiative. I would also like to nominate Dr. Hak Mao, Director of the Department of Climate Change, (Tel: +855 78 996 479 and e-mail: maohakccd.se@gmail.com) as a contact person.

I look forward to further cooperation with the United States to deliver on our commitments related to Greening Government Initiative, as well as our broader priorities for climate change action.

Please accept, **Excellency**, the assurances of my highest consideration and regards. *MS*

Sincerely yours,

**Say Samal**  
Minister
